Professional Development
Digital Catalog 2021
An interactive guide to continued career success.
PROFESSIONAL DEVELOPMENT

MAKE THE MOST OF YOUR TRAINING

Organizing your training program by broader competencies helps you demonstrate the values that are important to your organization and focus on capabilities that match your company’s strategic priorities.

The Internal Audit Competency Framework© provides four distinct knowledge areas, each featuring three competency levels. Our training is grouped into these categories, allowing you to choose the courses that fit your particular stage in your career.

The four areas of the Internal Audit Competency Framework© are Professionalism, Performance, Environment, and Leadership & Communication. The IIA provides training courses that support each of these competencies, helping you develop your skills and knowledge and encouraging your growth within the internal audit profession.

TRAINING DELIVERY OPTIONS

The IIA offers training through a variety of delivery options to meet your training needs effectively and efficiently.

IN-PERSON TRAINING

In-person training is held at various locations throughout the US and Canada each year. This hands-on, interactive, and in-depth training is conducted by internal audit practitioners who share real-world experience, leading practices, and knowledge.

ONLINE TRAINING

Learn from your office or preferred location with online training. These short, interactive sessions are led by seasoned facilitators over multiple days, giving you the flexibility to fit training into your busy schedule.

ONDEMAND TRAINING

Learn at your own pace at any time or location through online self-study. Courses are available on a wide variety of topics, from onboarding new staff to audit management practices for senior leaders, along with playbacks of previous conferences.

GROUP TRAINING

Train your whole team using online or in-person training, or any combination. An IIA Training professional will work with you to create a professional development plan for your team.

INTRODUCTION

GO BEYOND SKILLS

DEVELOP YOUR PROFESSIONAL COMPETENCIES

While skill can be relevant to a specific job, competencies extend beyond that to combine skills, knowledge, and abilities, allowing you and your team to perform at a higher level. Competencies are formed over longer periods of time, and are transferable between positions and employers, helping to drive your career development. A competency model collects the behavioral and technical components that an individual performing a job function must have to demonstrate mastery.

With that in mind, The IIA has developed the Internal Audit Competency Framework© to help you focus on the capabilities that are relevant to your success. Our Framework will help you:

- Add value to your organization and drive superior performance
- Advance your career and demonstrate your value to your organization
- Select and develop employees

By focusing on competencies, you’ll develop the qualities that matter most in your current position, as well as the expertise that will propel your career growth and help you achieve your goals as an internal auditor.

ADVANCED RISK-BASED AUDITING

COMPETENCY LEVEL: APPLIED KNOWLEDGE

DESCRIPTION:
This course links internal audit to your organization’s overall risk management framework. You will learn to develop an audit universe and a risk-based internal audit plan, and the course incorporates topics such as governance risk, strategic risk, fraud risk, information technology risk, and auditing the risk management process.

AGILE AUDITING

COMPETENCY LEVEL: EXPERT

DESCRIPTION:
Agile auditing is based on flexible, iterative planning on an ongoing basis, managing and working on the audit plan in short sprints that improve communication and collaboration. Adopting agile auditing methods can improve audit results and provide greater insights. This course provides an overview of the principles of agile auditing, as well as tools to implement agile auditing methodologies.

ASSESSING ETHICS IN YOUR ORGANIZATION

COMPETENCY LEVEL: APPLIED KNOWLEDGE

DESCRIPTION:
A strong ethical culture is the foundation of good organizational governance, and ethical cultures are created by setting expectations for acceptable behavior in an organization and its external partners. This course will help internal auditors assess their organization’s policies and processes concerning ethics, and provide an overview of the elements of organizational ethics, approaches for auditing ethics, and effective methods for reporting the results of an ethics audit.

AUDIT ENGAGEMENT FUNDAMENTALS BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
This course bundle is designed to introduce internal auditors to the audit engagement process, including guidance on planning the engagement, outlining the audit objectives, identifying potential fraud, and assessing third-party risks.
AUDIT MANAGEMENT BUNDLE

COMPETENCY LEVEL: EXPERT

DESCRIPTION:
Managing internal audit requires the appropriate skills, the overall knowledge of internal audit Standards, and the ability to provide objective assurance to the board the audit function serves. The Audit Management Bundle is specifically tailored for the audit manager and the CAE; it introduces the core elements of the IPPF, with particular focus on the Standards and the Code of Ethics.

DURATION: 2 DAYS
16 CPEs
IN-PERSON ONLINE GROUP
CAE/DIRECTOR BUNDLE

COMPETENCY LEVEL: EXPERT

DESCRIPTION:
Designed for senior audit leaders, the CAE/Director Bundle provides tools and best practices to help senior audit leaders achieve their organization’s audit goals. These strategic business skills will help your audit team perform effectively.

DURATION: 1.5 DAY
8.5 CPEs
ONDEMAND

AUDITING THE CLOUD

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
Auditing the Cloud provides participants with a deeper understanding of cloud-related designs, risks, and controls while examining the connection between cybersecurity and cloud environments. Further, this course provides additional insight into cloud-related standards and guidelines, and explains how to audit cloud environments.

DURATION: .5 DAY
4 CPEs
ONLINE GROUP

COMMUNICATION SKILLS FOR INTERNAL AUDITORS: INTERVIEWING AND NEGOTIATING

COMPETENCY LEVEL: APPLIED KNOWLEDGE

DESCRIPTION:
Communication is one of the key competency areas included in The IIA’s Professional Competency Framework, and this course is designed to develop and improve communication skills. Including highly interactive individual and group activities, the course helps internal auditors sharpen their interviewing and negotiating skills, and prepares them to apply these skills in their organizations.

ONLINE DATA ANALYSIS FOR INTERNAL AUDITORS

DESCRIPTION:
Data analysis is used to examine sets of data and identify items that don’t fit into normal patterns. Data analysis is a powerful tool for internal auditors, helping to focus resources, establish appropriate sample sizes, and identify data points that are outside the benchmark set. This course will help you learn about data analytics, technology, and tools that will help you provide greater insights during the audit cycle.

COMPETENCY LEVEL: APPLIED KNOWLEDGE
DURATION: 1 DAY
8 CPEs

CRITICAL THINKING IN THE AUDIT PROCESS

DESCRIPTION:
Most organizations consider critical thinking one of the most indispensable skills for internal auditors. This course develops effective critical thinking skills, including collecting and analyzing information, drawing compelling conclusions, and providing recommendations.

COMPETENCY LEVEL: APPLIED KNOWLEDGE
DURATION: 2 DAYS
16 CPEs

CRITICAL THINKING: A VITAL AUDITING COMPETENCY

DESCRIPTION:
This course examines the various facets and components of this important core competency, as it demonstrates how critical thinking can be woven throughout key elements of the audit process, including risk assessments, interviewing, testing and analysis, process documentation, and reporting.

COMPETENCY LEVEL: APPLIED KNOWLEDGE
DURATION: 1 DAY
8 CPEs

DATA ANALYSIS FOR INTERNAL AUDITORS

DESCRIPTION:
Data analysis is used to examine sets of data and identify items that don’t fit into normal patterns. Data analysis is a powerful tool for internal auditors, helping to focus resources, establish appropriate sample sizes, and identify data points that are outside the benchmark set. This course will help you learn about data analytics, technology, and tools that will help you provide greater insights during the audit cycle.

COMPETENCY LEVEL: APPLIED KNOWLEDGE
DURATION: 1 DAY
8 CPEs

CONFRONTING FRAUD IN THE CONSTRUCTION INDUSTRY

DESCRIPTION:
The construction life cycle involves a large number of individuals and companies, and the potential for fraud is high. This course helps internal auditors who audit construction projects learn about areas that are vulnerable to fraud, and oversight approaches that can help mitigate fraud risk.

COMPETENCY LEVEL: APPLIED KNOWLEDGE
DURATION: .5 DAY
4 CPEs

CONFRONTING FRAUD IN THE CONSTRUCTION INDUSTRY

DESCRIPTION:
The construction life cycle involves a large number of individuals and companies, and the potential for fraud is high. This course helps internal auditors who audit construction projects learn about areas that are vulnerable to fraud, and oversight approaches that can help mitigate fraud risk.

COMPETENCY LEVEL: APPLIED KNOWLEDGE
DURATION: .5 DAY
4 CPEs
DATA ANALYTICS ESSENTIALS BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
Data analytics can help improve your audits through greater efficiency, deeper analysis, better risk and internal control evaluation, and more accurate conclusions. This course bundle covers the critical aspects of data analysis that every auditor should know, and will allow you to leverage data analytics to benefit your organization.

DURATION: 1 DAY

8 CPEs

DATA ANALYTICS/ FRAUD BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
As organizations move from generating data to being powered by data, data analytics can give internal auditors a better understanding of operations and the associated risks, including fraud risk. Data analytics helps internal auditors identify risks that may be missed with traditional methodologies. This course bundle will introduce you to the benefits of using data analytics to detect fraud in the early stages.

DURATION: 1 DAY

10.3 CPEs

DEVELOPING AUDIT OBSERVATIONS

COMPETENCY LEVEL: APPLIED KNOWLEDGE

DESCRIPTION:
A significant amount of time is committed to an internal audit engagement, and a clear and actionable audit observation is critical to communicate issues noted during the engagement. Audit observations provide management, the board, and stakeholders with adequate detail and an objective summary of an organization’s operations, risks, and controls, as well as a thorough summary of the audit work performed. But what does it take to develop an actionable audit observation, and what makes an audit observation actionable?

DURATION: 1 DAY

8 CPEs

DEVELOPING LEADERSHIP SKILLS FOR TEAM LEADERS

COMPETENCY LEVEL: APPLIED KNOWLEDGE

DESCRIPTION:
This course provides a framework and a series of methods to assist participants in developing skills to create and maintain winning internal audit teams that are efficient, effective, and motivated.

DURATION: 2 DAYS

16 CPEs
PROFESSIONAL DEVELOPMENT

ONDEMAND

ETHICS ESSENTIALS
BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
Conformance with The IIA’s Code of Ethics is expected of all internal auditors. This course bundle reviews the essential components of the Code of Ethics: The Principles and the Rules of Conduct, and provides internal auditors with a framework for evaluating ethical scenarios and demonstrating conformance.

CPEs 2.8
ONDEMAND

ETHICS ESSENTIALS
FOR PUBLIC SECTOR
AUDITORS BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
Public sector internal auditors are often required to reconcile political pressures with ethical governance principles. This course bundle helps public sector internal auditors understand the ethical climate of their organizations, and function as an independent resource to encourage ethical practices in public sector organizations.

CPEs 3.1
ONDEMAND

ETHICS ESSENTIALS
FOR TECHNOLOGY-RELATED
RISKS BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
Internal auditors are increasingly tasked to evaluate their organization’s use of technologies and the ways in which technologies are used to drive strategy and operations. Each new technology offers the chance to gain or lose trust with stakeholders, and internal auditors can help instill ethical principles across the organization. This course bundle demonstrates promoting ethical culture both across the organization and as it relates to information technology.

CPEs 2.6
ONDEMAND

ETHICS ESSENTIALS
FOR FINANCIAL SERVICES
AUDITORS BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
Ethical behavior incorporates more than just following rules and regulations, and ethical behavior is even more crucial in the financial services industry, where stakeholders demand a high ethical standard. This course bundle links The IIA’s Code of Ethics to the world of financial services through real-world scenarios and practical applications.

CPEs 2.8
ONDEMAND
FINANCIAL SERVICES AUDIT CERTIFICATE

COMPETENCY LEVEL: APPLIED KNOWLEDGE

DESCRIPTION:
Financial services internal auditors employ a specialized skill set, which includes reviewing financial statements, testing internal controls and governance, analyzing risk management processes, and uncovering and preventing fraud. This certificate program demonstrates your financial services competency and knowledge.

FRAUD: PREVENT, DETECT, RESPOND

COMPETENCY LEVEL: APPLIED KNOWLEDGE

DESCRIPTION:
Internal auditors can only protect their organizations from fraud if they understand fraud prevention, detection, and response. This course prepares you to take part in anti-fraud efforts with techniques to provide fraud-related assurance and advisory services.

FUNDAMENTALS OF CYBERSECURITY AUDITING

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
According to The IIA’s OnRisk 2020 Report, cybersecurity is the top risk faced by organizations. This course provides a comprehensive overview of key cybersecurity concepts that can be used to facilitate audit efforts within your organization. This course provides a basic understanding of cybersecurity and common exploits.

FUNDAMENTALS OF IT AUDITING

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
This course provides a solid introduction to auditing information technologies and business application systems. You will learn about the key risks in the IT environment, and review concepts for auditing application systems and supporting IT general controls.
FUNDAMENTALS OF RISK-BASED AUDITING

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
Expand your knowledge of risk management and assessment by exploring the fundamental concepts of risk-based auditing, including defining risk, identifying key risk areas, and conducting a detailed risk analysis. By expanding your knowledge of risk management and assessment, you’ll improve your audit function and make greater contributions to your organization.

16 CPEs
DURATION: 2 DAYS
IN-PERSON ONLINE GROUP

INFORMATION TECHNOLOGY BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
As information technology becomes a larger part of every organization, internal auditors need to determine if internal controls protect the organization’s data, and make sure they are aligned with the organization’s goals. This course bundle will help you evaluate the security of company data, identify and minimize risk, and review change management in IT and associated systems.

12 CPEs
ONDEMAND

INTERNAL AUDIT ESSENTIALS BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
This course bundle guides internal auditors through the required elements to perform a successful internal audit. You’ll learn systematic approaches to help complete efficient and effective audits to support your organization’s strategic objectives.

15.2 CPEs
ONDEMAND

INTERNAL AUDIT OVERVIEW BUNDLE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
This course bundle offers broad exposure to internal audit and the Standards that apply to the profession. You’ll learn the concepts of internal auditing and the basics of documenting and evaluating internal control techniques.

RESEARCH REPORTS | PLANNING TOOLS | TEMPLATES & HOW TO’S
### IT Essentials Bundle

**Competency Level:** **General Awareness**

**Description:**
Emerging technology from mobile computing to big data introduces new technology risks, and organizations need to manage those risks to protect the business and its assets. This course bundle helps you to respond to the increased emphasis on information security, and provides an understanding of how to integrate internal audit best practices with your organization’s IT framework.

**CPES:** 10.8

**Duration:** **2 Days**

**Format:** **Online**

### IT General Controls

**Competency Level:** **General Awareness**

**Description:**
Internal auditors need to understand technology and its associated risks and vulnerabilities. This course reviews the most common IT threats and risks, and explores ways to reduce those risks. You will learn ways to plan and conduct an IT general controls audit.

**CPES:** 4

**Duration:** **2 Days**

**Format:** **In-Person**

### Performance Bundle: Audit Engagements

**Competency Level:** **General Awareness**

**Description:**
To help you achieve performance competency, this course bundle provides a general understanding of the International Professional Practices Framework (IPPF), and The IIA’s performance Standards (series 2200 and 2300) related to effective audit engagements. Through real-world scenarios, you will obtain guidance critical to engagement planning, considerations, objectives, and scope; engagement fieldwork; and engagement outcomes.

**CPES:** 16

**Duration:** **2 Days**

**Format:** **Online**

### Root Cause Analysis for Internal Auditors

**Competency Level:** **Applied Knowledge**

**Description:**
The structured process of root cause analysis allows internal auditors to identify issues, focus on the most likely root cause, investigate the problem, and develop potential solutions. This course will allow you to understand and explain why systems, processes, or functional areas are not operating as designed.

**CPES:** 16

**Duration:** **2 Days**

**Format:** **In-Person**

www.theiia.org/Training • +1-407-937-1111
THE EFFECTIVE AUDITOR: UNDERSTANDING AND APPLYING EMOTIONAL INTELLIGENCE

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
While internal auditors need specific skills to be successful in their jobs, they also need to be able to deal with all kinds of people. This course will help internal auditors examine their communication styles to more effectively reach different audiences, as well as provide approaches to remain calm and professional under pressure by enhancing their emotional intelligence.

DURATION: 2 DAYS

CPEs: 16

GROUP ONLINE IN-PERSON

STATISTICAL SAMPLING FOR INTERNAL AUDITORS

COMPETENCY LEVEL: GENERAL AWARENESS

DESCRIPTION:
Audit sampling allows internal auditors to develop audit opinions without auditing every single item within a population. This course will help you to select appropriate sampling methods, calculate a sample size, and design an audit that will provide a conclusive audit opinion while reducing the number of resources used.

PROFESSIONAL DEVELOPMENT
This Is Your Call to ACTION

Richard F. Chambers with Robert Pérez introduces an internal auditor’s guide to serving, protecting, and changing the world.

Agents of Change – Internal Auditors in an Era of Disruption is meant to be a call to action for internal audit practitioners at all levels. To truly impart value, internal auditors must be catalysts for transformation that creates value within the organizations they serve.

Act Now.
